Organizational Structure

- ShmooCon Logistics, LLC
- Almost everything is planned via email or phone calls
- Lists for the main Shmoo Group, labs, selection committee, hack fortress, etc..
- Planning for next year starts....Monday?

Staff

- Roughly 80 volunteers but also an army of general support
- We've had a lot of success in not visually delineating departments
 - Speaker Selection
 - Registration
 - Taping
 - Streaming
 - A/V Support
 - Security
 - Hack Fortress
 - Party Team
 - Press
 - 1 Runner
 - Heidi and Bruce (Top level decisions, sponsorship, graphics, etc)
 - The Potter Children - BADGES

Conference Dates and Venue

- Back at the Hilton
 - Lots of room for side events and in the corridors compared to other venues
- Date tends to float a bit year to year
 - But for last few years and the next two - Martin Luther King Jr Weekend

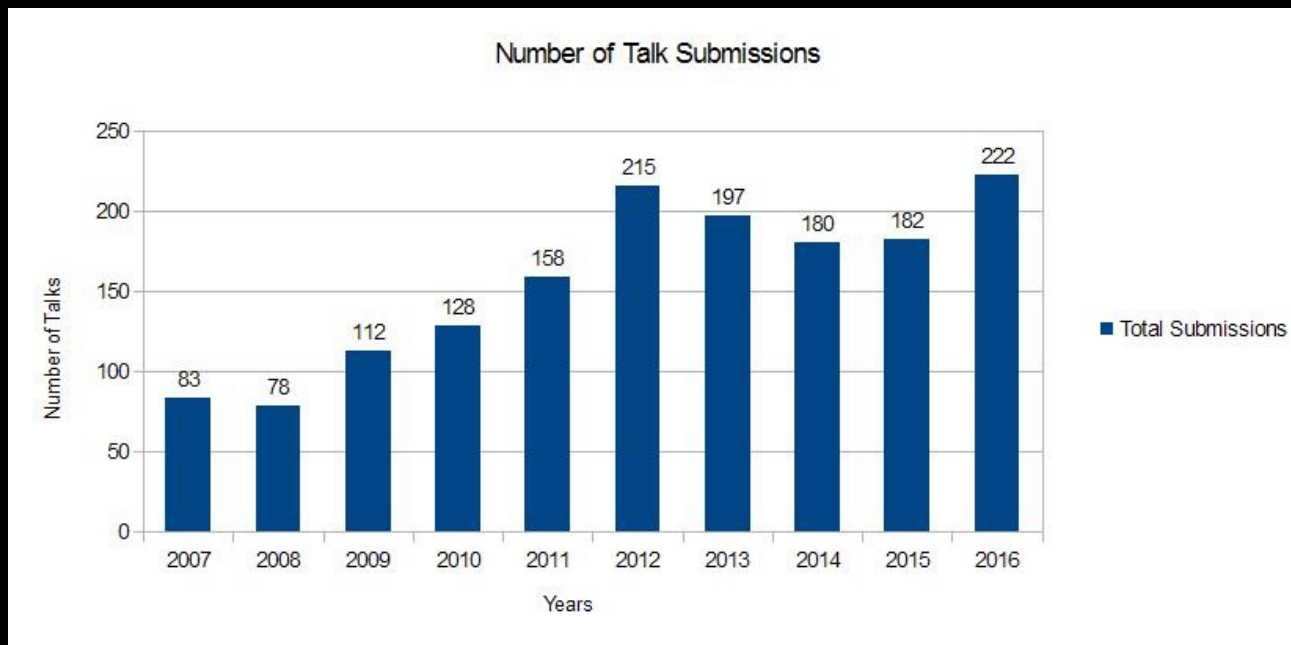

CFP Stats

- 222 total submissions.
- Acceptance Rate = 15.77%
- 302 unique names on submissions (some submissions had more than one author).
- Using dubious best guess methods (based on obvious indication by name and/or personal knowledge):
 - 263 male
 - 39 female <- twice as many as last year

Talks submitted per track (some talks were submitted to multiple tracks)

- Belay It – 69
- Bring It On – 98
- Build It – 64
- One Track Mind - 84

And now for a graphical interlude

How to Hack Selection

- FOLLOW DIRECTIONS!
- Explain your ideas and why they are important / relevant to the audience
- Put some effort in to it
 - Complete sentences
 - Spell the name of the conference correctly
 - There is only ONE C in Schmo~~o~~Con

How to Hack Selection, cont'd

- Best thing I saw this year
 - Talks are often submitted to multiple tracks
 - This submission outlined what would be different if accepted into Break It vs. Belay It, etc.
 - Very helpful

Sales Model

- Cart is holding strong, CMS not so much
 - Ultimately stood up landing.shmoocon.org as an m4.xl instance to take the pre-sale punishment.
 - Static HTML moved by scripts
- Reserved 1500 tickets in a total of 2 mins 2.58 seconds over two rounds
 - Round One – 287 reservations were for 2 tickets, 26 were for one.
 - Round Two – 429 reservations were for 2 tickets, 42 were for one.
 - 681 Unique IPs
 - 725 Unique Email Addresses
 - 691 purchased in one round
 - 34 purchased in both rounds

-

Sales Model

- Hits to landing.shmoocon peaked at 3,500 requests/second
- Hits to tix.shmoocon.org in first 20 seconds of round 1 = 3351 (1000 more than last year)

Ticket Sales and Attendee Numbers

- Size matters...and is somewhat dependent on venue
- 2021 out of 2160 checked in (as of 2:50)
 - 1923 out of 2003 in 2015
 - 1920 out of 2016 in 2014
 - 1610 out of 1662 in 2013
 - 1399 out of 1446 in 2012
 - ~1170 out of 1423 in 2010 (snow)
 - 1287 checked in for 2009 with roughly the same ticket count
- ~ 60 speakers
- 80 staff
- 15ish “press” and/or Press

Sizing

- Why do we stay the same size?
 - Main reason - Preserve the feel of the con
 - Beneficial for volunteers and attendees
 - Other logistical issues (or preferences rather)

Second Hand Sales

- We don't control what people do with their tickets
 - Easier for everyone
 - But....
- Re. eBay sales - You should know that we:
 - We don't really like it
 - Won't get involved
 - You accept a certain amount of risk

Vendors / Sponsors

- 45 Sponsors (including labs)
 - Bronze level sponsorship was reserved for small biz/groups only
 - Several more requests to sponsor that we denied
 - Accepted less sponsorship than last time we were here to help keep hallways open
- We continue to push the sponsors to do something different
 - Both for their benefit and your benefit
 - We want vendor involvement to be a good thing – not a detraction

Feedback@shmoocon.org

- We really do read it all
- We try to respond to each email
- Positive feedback feels good, but constructive remarks help us build a better con
